

Perfection in Precision

MB16

DECORATIVE PAINTS

This newly developed system is ideal for UV flexo inks.

- The system is completely automatic and easy to use, and ensures accurate production of precise quantities
- The system is operated via a computer using Maestro® software
- The system dispenses up to 16 products in small cans
- The base components can be stocked in inter-changeable pails/barrels of 25/200ltr or in fixed canisters with stirrers
- The layout of the machine is adapted to the available space and the ink volume to be handled

Perfection in Precision

MB16

DECORATIVE PAINTS

ADVANTAGES

- Stock reduction and rationalization
- Improved color reproducibility
- Improved productivity
- Space and manpower savings
- Environmental protection
- Improved security and working conditions
- Production return management

TECHNICAL DATA

Components

Up to 16

Dispensing Accuracy

0.1gr

Dispensing Time

2 min for a 5ltr pail

Containers

Minimum diameter 210mm bucket
